THOUGHT FOR TODAY

[MASSIVE LAVA TUBES ON MARS AND THE MOON COULD BE HOME TO LIFE, RESEARCHERS FIND](#)

Steven Greer

https://www.youtube.com/watch?v=PqMZfr3wMHE&feature=emb_rel_end

In class, we have studied the following:

1. I told of the many times I had received thoughts of inventions from the time I was 16 until 42. About the time the thought was clear, I would find out each time that the invention was being patented by someone else. (I was picking up on their thoughts).
2. Several of us had had dreams like watching TV and saw things which would play out in the future. This information was first hand by being there on the future time line (Remote viewing).

3. We talked about time lines being changed and remembering things that never happened (Mandela effect).

Put these together logically in the light of present day events and the following conclusions are inescapable:

1. Many of the present day conspiracy theories are based on information received as “intensions” of initiators by the people reporting the conspiracies. Many of these conspiracy theories are becoming conspiracy fact as we watch them develop.
For many years, people have been picking up on ideas of:
 - a. Depopulation to around ½ billion using vaccines. We have strong evidence and this is no longer a theory.
 - b. Use of FEMA camps to house disitants. [In the middle of the night, Governor Mike DeWine signed an order creating FEMA camps for asymptomatic Covid patients...](#)
 - c. Depopulation and control of people by 5G. At this point there is little evidence this technology is good or bad. By the time we find out the efficacy of 5G it may be too late to stop it. The following are known characteristics:
 - i. Normal heating of materials containing water is done at ~2GHZ.
 - ii. 5G transmitters can operate in a harmonic range of ~3-30 of that frequency.
 - iii. Some of these frequencies are known to have effects on air (liberating oxygen) the same as 2GHZ has on water.
 - iv. Higher frequencies can be focused more sharply to confine the energy in a small area at a line of site distance.
 - d. Turn the USA into a socialist totalitarian nation controlled by the elite. Much evidence this is in process. The major question is- Are both parties working together for this outcome?
 - e. Control of the world by a few elite. This is now a conspiracy fact with names, methods and schedules.
2. Many people (including you Jennifer) have seen a future with a high probability of existence. These prophecies are looking at different areas of world geography at different times over the next 50 years. Future prophecies are along a time line conceived and created by the individual and group entities. These can be merged with or changed to other conceptions by other individuals or groups. Since the past, present and future are all occurring in the same Akashic Record simultaneously, attitudes, concepts and actions occurring today decide the timeline

we'll see tomorrow. The will with which we conceive of these future timelines determines the relative weight and density with which they will be applied.

3. The future tragedies were prophesied thousands of years ago and we are getting glimpses of them today as part of the Akashic Record. But, they can be changed. Since that part of the record has been vaguely written by our attitudes, those attitudes will have to be modified to change the Record. How, as a group, do we do this?

- a. We stop blindly following what we have been told to do without question.
- b. We examine our beliefs for credibility.
- c. We pull the truth we find in those beliefs and live by it.
- d. We say NO to those entities wanting to enslave and/or destroy us.
- e. We do all of these while maintaining an attitude of love and service to others.

4. The following do this in different ways.

- a. Steven Greer
- b. David Wilcock
- c. Corey Goode
- d. Michael Sala
- e. Many religions provide guidance

5. Who is saying NO to the group conceiving a one world government (OWG) with them as the totalitarian leaders?

The one world totalitarian government group was started around 1889. It wasn't until the 1950's a group of generals, and others, understood what was being planned and who was planning and executing it. At that point this loose group of individuals formed a plan of their own to say no to this group of bankers who had financed BOTH sides of WWI and WWII and were now controlling many world governments including the USA through bribery and blackmail. In 1963 the plan was about to take off when the Kennedy assassination cut it short. Regan being shot was another setback. In 2001, 9/11 was a fatal strike by the Cabal. The World Trade Towers were a cover-up for destroying Building 7 and a portion of the Pentagon. These two contained all the evidence against the Cabal for their slave trade, drugs, pedophilia, human trafficking, mass murder and worse. Many of the people in the Air Force were disgusted by what they were doing. They formed a loose Alliance to try and stop these actions. These people joined with the many generals and others on Earth to form a loose Alliance to stop the Cabal. By 2015 a new plan was formed and put into action. New evidence had been accumulated and multiple backups created. In 2017, the Alliance began attacking

the Cabal. The newly elected President (Trump) acting as the face of the Alliance enacted several Executive Orders bringing major crimes into the list to be tried by military tribunal (not open to public). Also, the resources of these people would become the property of the state. Shortly thereafter he began a tour of the Middle East and Europe starting in Saudi Arabia and delivering copies of the evidence of the leadership's crimes. Within a few short months 49 top leaders of the UAE were replaced, ISIS was defeated and their Caliphate eliminated and a war with Turkey was avoided. Now, Iran is close to changing regimes, Japan has changed regimes and China is close to changing regimes. The UAE is now working with Israel. Troops are slowly being extracted from Afghanistan.

6. Currently, the Cabal is in the process of hitting us with everything they can muster. The goal of the Cabal has always been to bring the world under their totalitarian style government. The same tactics used in Germany and Venezuela are now being employed in the USA. Dividing the population between opinions, funding riots and looting and decreasing security are only a few. Control of the main Stream Media (MSM, news broadcasts, news papers, and social media, all controlled by 6 corporations which are controlled by the Cabal) limits exposure to what is really happening in the USA and world today. Almost no one under 65 today has time to listen to multiple accounts of news and research subjects to find the truth in today's world. This means a large percentage of the public today have their opinion formed for them by the MSM. Currently, in this country, public opinion eventually rules. If everyone is told wearing a mask is a way to help protect others and it is considerate of others to maintain a social distance, the majority will do it. It doesn't matter that for virus the mask does no good and social distancing only slows down the process. This is how we were controlled by lies of high death numbers and case detection.
7. If the Alliance is reelected with a majority in the House and Senate the Cabal can be told NO. Anything less, the Cabal has won and will survive the next four years to grow again in strength. Between now and the election significant distractions will be provided by the Cabal to sway the election.
8. What can we do to help in the fight?
 - a. Awaken to the facts that what is at stake today is not whether one approach to economics is a little better than the other, one person has a better personality than the other or one party likes the rich while the other likes the poor.
 - b. Awaken to the fact that it is not the Republican or Democrat party running for control of this country. With a couple of exceptions, the Cabal has backed both parties from different directions for the last 60 years. From the actions of the last administration it is obvious The Cabal was in control. The Alliance is ridding itself of Cabal members in its ranks. This is a slow process. Trump was recruited by the Alliance to spearhead the changes needed to remove the hold the Cabal (a subset which is the deep state and swamp) has on our nation.

- c. Awaken to the fact that this is NOT a political war going after politicians. This is a nation going after the gangsters, mafia and RICO members which are supplying profits to the legal system and financial bankers (who launder the money and finance the corruption, wars and politicians). This is NOT a war going after a well organized identified chain of command or a snake you could cut the head off and kill it. It would only grow another head. These are criminals providing human trafficking, drugs, money laundering, pedophilia, law enforcement support (from the cop on the beat to the supreme court) and political influence in support of these activities.
- d. Awaken to the fact that in just four years (with one hand tied behind their back) The Alliance has enacted executive orders, realigned the judicial system, exposed some of the activities of the CIA,FBI.... Systems, caused many of the executives and politicians of the Cabal to resign or not seek reelection and arrested many thousands of drug dealers, pedophiles, human traffickers and politicians. The wall on our southern border is slowing the flow of many of these activities.
- e. Awaken to the fact that hating the people who are involved in these activities only makes us and the situation worse. Hating the actions and saying no to them will improve the situation. This saying “no” may eventually require personal direct action. But only if your personal property or life is threatened. The current goal of the Cabal is to start a civil war. They have hired mercenaries to go into cities to instigate riots and remove statues. There are legal alternatives for the US Government to stop the current riots and insurrections but the Alliance has chosen to let the Cabal demonstrate their own true colors and not provide headlines twisted to state Trump is declaring martial law and forming a dictatorship while denying free speech.
- f. Awaken everyone you can to these facts and make them aware that due to mail in voting the election will probably not be decided by January 20, 2021. This will throw the decision into Congress. For this reason it is essential the Alliance (represented by the Republicans) have a majority of the house and senate. If the Alliance has a majority in the House and Senate announced as of January 3, 2021 then it leaves little alternative for The Cabal.

20TH AMENDMENT

g. Presidential Term and Succession, Assembly of Congress

Passed by Congress March 2, 1932. Ratified January 23, 1933. The 20th Amendment changed a portion of Article I, Section 4, and a portion of the 12th Amendment

Section 3

If, at the time fixed for the beginning of the term of the President, the President elect shall have died, the Vice President elect shall become President. **If a President shall not have been chosen before the time fixed for the beginning of his term, or if the President elect shall have failed to qualify, then the Vice President elect shall act as President until a**

President shall have qualified, and the Congress may by law provide for the case wherein neither a President elect nor a Vice President shall have qualified, declaring who shall then act as President, or the manner in which one who is to act shall be selected, and such person shall act accordingly until a President or Vice President shall have qualified.

["Bipartisan" Washington Insiders Reveal Their Plan for Chaos if Trump Wins the Election - unlimitedhangout.com](https://unlimitedhangout.com)

A group of "bipartisan" neoconservative Republicans and establishment Democrats have been "simulating" multiple catastrophic scenarios for the 2020 election, including a simulation where a clear victory by the incumbent provokes "unprecedented" measures, which the Biden campaign could take to foil a new Trump inauguration.

Specifically, the Fourteenth Amendment grants the U.S. President the power to:

- Arrest public officials — including mayors, governors, state legislators, **federal judges** and law enforcement officials — who support "rebellion" against the United States or who have "given aid or comfort" to the enemies of America. (Section 3)
- Eliminate House of Representatives positions for California and other states which are engaged in supporting Big Tech censorship platforms that are supporting rebellion against the United States of America and "abridging" the right of voting-aged citizens to participate in elections (via censorship). This implies that Electoral College votes would also be proportionally reduced in these states. (Section 2) It would also apply to states like Oregon which are [reportedly funding "war encampment" installations](#) that house insurrectionists who are unleashed each night to attack federal buildings and federal law enforcement officers.
- Eliminate all federal financial support for cities and states which are engaged in "insurrection or rebellion" against the United States. Section 3 specifically states that all such claims of federal money obligations to the states "shall be held illegal and void." (Section 4)

In essence, the Fourteenth Amendment grants American citizens “equal protection” under law, but for public officials or states which are engaged in “insurrection or rebellion” against the United States, those equal protections are revoked.

The Democrats already know all this, which is why they are pursuing a plan of election chaos, hoping to throw the entire election process into mass confusion, from which they plan to attempt an illegal coup to eliminate Trump from office and claim political power over the nation.

Trump’s “secret weapon” revealed: Fourteenth Amendment allows the President to strip Electoral College votes from states supporting censorship against voters; enables mass arrests of mayors, governors and judges who support BLM

President Trump has a “secret weapon” that I’ve been talking about for several months in [Health Ranger Report podcasts on Brighteon.com](#). Until recently, I didn’t know the exact nature of the secret weapon but was told by highly reliable sources that plans were already in place for Trump to defeat the Democrats and protect America from left-wing efforts to destroy this nation.

Now we’ve been able to confirm the content of this “secret weapon” that will be invoked to save America. It’s the *Fourteenth Amendment* to the Constitution of the United States of America.

How the Fourteenth Amendment grants Trump the power to strip power away from treasonous domestic enemies

The Fourteenth Amendment — [see the full text here](#) — speaks directly to the powers of the federal government in dealing with officials, individuals and states that are engaged in “rebellion” against the United States of America.

Specifically, the Fourteenth Amendment grants the U.S. President the power to:

- Arrest and **indefinitely hold** all public officials — including mayors, governors, state legislators, **federal judges** and law enforcement officials — who support “rebellion” against the United States or who have “given aid or comfort” to the enemies of America. (Section 3)
- Eliminate House of Representatives positions for California and other states which are engaged in supporting Big Tech censorship platforms that are supporting rebellion against the United States of America and “abridging” the right of voting-aged citizens to participate in elections (via censorship). This implies that Electoral College votes would also be proportionally reduced in these states. (Section 2) It would also apply to states like Oregon which are [reportedly funding “war encampment” installations](#) that house insurrectionists who are

unleashed each night to attack federal buildings and federal law enforcement officers.

- Eliminate all federal financial support for cities and states which are engaged in “insurrection or rebellion” against the United States. Section 3 specifically states that all such claims of federal money obligations to the states “shall be held illegal and void.” (Section 4)

In essence, the Fourteenth Amendment grants American citizens “equal protection” under law, but for public officials or states which are engaged in “insurrection or rebellion” against the United States, those equal protections are revoked.

The Democrats already know all this, which is why they are pursuing a plan of election chaos, hoping to throw the entire election process into mass confusion, from which they plan to attempt an illegal coup to eliminate Trump from office and claim political power over the nation.

Many Democrat-run states are already in open rebellion, aiding and comforting illegal insurrectionists who are attempting to overthrow the United States government

It should be rather obvious that at this very moment, California, Oregon, Washington, New York, Illinois and many other states are engaged in open rebellion against the United States, and that thousands of public officials within those states — mayors, governors, state legislators, police chiefs, etc. — are granting “aid or comfort” to the rebellion.

Under the Fourteenth Amendment, Trump merely needs to declare an insurrection, then he can have Mayor Lightfoot (Chicago), Mayor Wheeler (Portland), Mayor Durkan (Seattle) and even de Blasio (NYC) arrested and removed from office for violating their oaths of office. All those mayors (and many more) have taken an oath to uphold and defend the Constitution of the United States, but they have violated their oaths, and under the Fourteenth Amendment that means **they have nullified their own right to equal protection under the law.**

Because they violated the U.S. Constitution and actively engaged in rebellion against the United States, in other words, they no longer enjoy the benefits of protections under the Constitution.

In addition, President Trump can **eliminate congressional House seats for states that support rebellion**, reducing their apportionment in the House. This means the states’ Electoral College votes are also reduced, since those numbers are based on the number of House + Senate representatives for each state. This is based on the fact that

these states are aiding the efforts of Big Tech to deny the rights of conservatives to participate in elections and voting, via politically-targeted censorship and voter suppression tactics now routinely used by Google, Facebook and other tech giants.

Section 2 of the Fourteenth Amendment specifically addresses voter suppression. It says that states which support the suppression of the ability of citizens to participate in voting will lose a portion of their own seats in Congress as well as Electoral College representation. Right now, the most overt and obvious voter suppression is being carried out by Big Tech platforms such as Facebook, Google, Twitter and YouTube, but similar censorship is also being undertaken by Microsoft, Apple, Vimeo and other tech giants. These companies are granted aid and comfort by numerous left-wing cities and states which often grant these companies property tax deferments and legal protections against legitimate investigations or prosecutions. In other words, states like California are actively protecting the Big Tech platforms that are suppressing voter participation via politically-targeted censorship. And this puts California in violation of Section 2 of the Fourteenth Amendment.

Furthermore, President Trump can **arrest and imprison all state and federal judges** who have granted “aid or comfort” to insurrectionists by, for example, releasing them without charge after they were arrested for participating in riots or assaulting law enforcement officers. This means all Soros-funded District Attorneys and anti-America judges who have supported the insurrection can now be arrested and removed from office in one fell swoop.

Remember that Democrat officials in Oregon, Washington, California, New York, Illinois and other states have overtly granted protections — and in some cases, actual funding — to Black Lives Matter terrorists. This means these officials are complicit in “rebellion” against the United States. Section 3 of the Fourteenth Amendment states that they cannot hold any public office, “civil or military.” Here’s the language: (emphasis added)

*No Person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, **shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof.***

Finally, Section 4 of the Fourteenth Amendment says, “...neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States.” This means that cities and states which are suffering extreme economic losses due to their support for

rioting and insurrection — such as Portland, Seattle, Los Angeles, Chicago, New York, etc.) — cannot make any claim to federal money to reimburse them for their losses.

Their losses have been incurred as a result of their support for acts of insurrection and rebellion against the United States, and thus the United States has no obligation to reimburse them for such losses.

All this explains why Nancy Pelosi recently declared President Trump and the GOP to be “enemies of the state.” This is the kind of language that would only be used by the Speaker of the House if they intend to attempt a violent coup followed by mass exterminations of their political opponents:

Strategically speaking, we urge President Trump to declare the insurrection *before* the election, because this would allow him to challenge the Electoral College votes from states which are supporting open rebellion against the United States (for all the reasons noted above). Even if Trump declares the insurrection just one day before the election, this grants him a basis from which he may challenge the Electoral College votes from insurrectionist states like California.

It also grants Trump the opportunity to arrest all the corrupt, left-wing officials the day *after* the election, shutting down their criminal attempts to counterfeit ballots after the fact that try to “win” by cheating in the weeks following the election itself. Trump can largely shut down that effort by simply declaring an insurrection and arresting all these treasonous actors the day after the election. They cannot counterfeit more ballots, after all, if they’re sitting in jail.

This action would, of course, cause the radical Left to ignite an attempted nationwide kinetic war against the government, but at that point Trump is free to issue escalated engagement orders for federal law enforcement while even bringing in the U.S. military to halt all domestic enemies of the United States who are engaged in acts of treason or warfare against America (deploying the military to defeat domestic enemies of America does not violate *Posse Comitatus*).

National Defense Authorization Act

Obama signed into law the NDAA which was intended to be handed over to Hillary Clinton as a weapon against patriots and conservatives. Now, that government weapon is in the hands of Trump, and he can deploy it against communist sympathizers and treasonous insurrectionists. A federal court in New York City issued an order blocking the indefinite detention powers of the **NDAA** for American citizens after finding

it **unconstitutional**. ... Forrest ruled in a 68-page opinion that Section 1021 of the **NDAA** was **unconstitutional** because it violates the 1st and 5th Amendments.

Preliminary Cumulative Estimates of Hospitalizations in the U.S. 2019-2020 Flu Season

*These estimates are preliminary and based on data from CDC's [weekly influenza surveillance](#) reports summarizing key influenza activity indicators.

Estimated number of influenza-associated hospitalizations

The y-axis extends from 0 to 1 million.

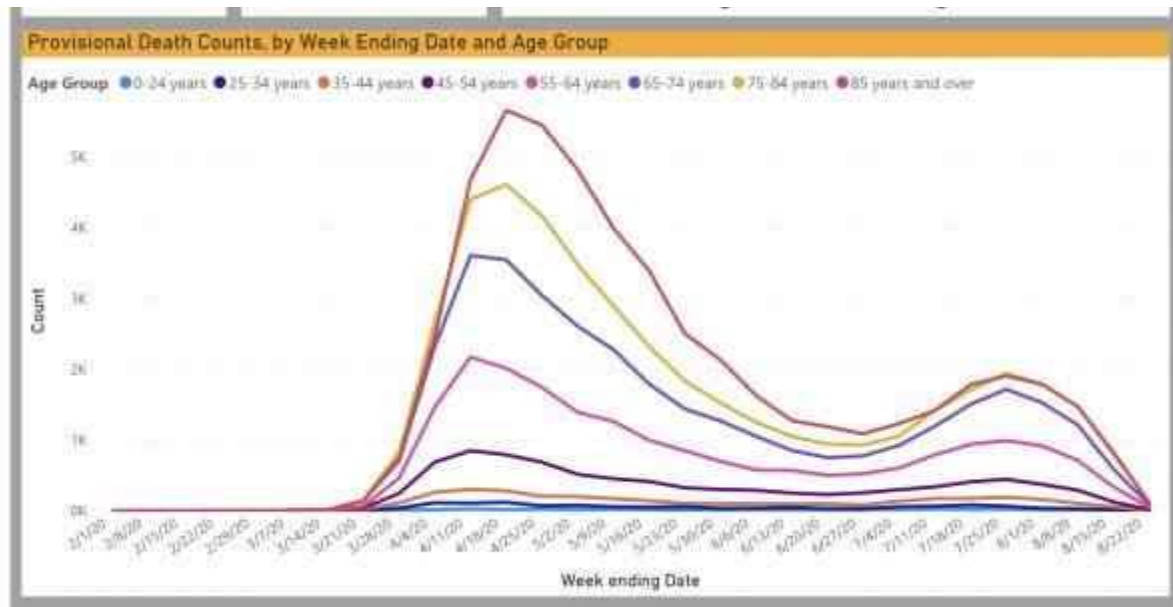

The x-axis is a timeline starting October 5, 2019 and extending to May 30, 2020.

There is a single blue-shaded curve labeled with "2019/20".

There are several other lines on the right side of the graph under Total hospitalizations at end of past seasons. The lines are labeled, from top to bottom, as 2018/19, 2017/18, 2014/15, 2016/17, 2012/13, 2013/14, 2015/16, 2010/11, and 2011/12 and represent the estimated burden for these seasons. This allows for the comparison of the current season to past seasons.

https://www.cdc.gov/nchs/data/nvsr/nvsr68/nvsr68_09-508.pdf

The peak appears to be around the weeks of April 18 and April 25, with a steady decline until the beginning of July. The virus spiked throughout the month, but then began to slide again in August. For all age groups except 75 years old and above, the weekly deaths dropped well before 1,000 by mid-month, and are all near zero now.

A new report out by the CDC reveals that 94% of the COVID-19 deaths in the U.S. including other “health conditions and contributing causes.”

“According to the report, only 6% of deaths have COVID-19 as the only cause mentioned, revealing that 94% of patients who died from coronavirus also had other health conditions and contributing causes,” CBS-42 reported.

[FastStats - Deaths and Mortality - CDC](#)

www.cdc.gov/nchs/fastats/deaths

2019 - Number of **deaths**: 2,813,503 ·

In 2018, a total of **2,839,205** resident deaths were registered in the United States—25,702 more deaths than in 2017.

This Week CDC Quietly Updated COVID-19 Numbers – Only 9,210 Americans Died From COVID-19 Alone – Rest Had Different Other Serious Illnesses

CDC statistic on COVID-19 deaths does not mean only 6 percent died of the virus

The CDC said 6 percent died of COVID-19 alone, 94 percent died of the coronavirus and contributing conditions, some of which may have been caused by the virus.

The CDC website reads "For 6% of the deaths, COVID-19 was the only cause mentioned. For deaths with conditions or causes in addition to COVID-19, on average, there were 2.6 additional conditions or causes per death."

This means 94 percent of people who died of the virus in the US had other conditions, which contributed to their death *in addition* to COVID-19.

This echoes information public health doctors have shared since the pandemic began that people with underlying health conditions are at higher risk of complications and death due to the coronavirus.

These include older people and people with chronic breathing problems, diabetes and high blood pressure, among other health conditions.

Background

Every state provides for some method whereby voters can cast ballots without visiting a physical polling place. The terms *absentee voting*, *voting by mail*, *all-mall voting*, or *voting from home* are sometimes used to describe these methods,

which can be divided into two categories: **automatic mail-in ballot systems** and **request-required mail-in ballot systems**.

Automatic mail-in ballot systems

Automatic mail-in ballot systems mandate that all eligible voters receive either a ballot or ballot application by default. These are sometimes referred to as all-mail voting systems. Access to mail-in voting is not restricted to voters meeting certain eligibility criteria.

- Automatic mail-in ballots: Officials automatically transmit mail-in ballots to all eligible voters. Voters may return these ballots by mail or by using designated deposit sites. Limited in-person voting is generally available, although the number of polling sites and terms of accessibility vary from state to state.
- Automatic mail-in ballot applications: Officials automatically transmit mail-in ballot applications to all eligible voters. A voter must in turn submit a completed application in order to receive a ballot. The voter then returns the completed ballot by mail or by using designated deposit sites. In-person voting is widely available, but it is not necessarily the dominant means by which voters cast their ballots.

Request-required mail-in ballot systems

Request-required mail-in ballot systems require that eligible voters initiate the process for receiving, and casting, mail-in ballots. These have traditionally been described as absentee voting systems. Access to mail-in voting may be restricted to voters meeting certain eligibility criteria.

- No excuse required: Any voter may request a mail-in ballot. Generally, a voter must first submit an application in order to receive a ballot. The voter may then return the completed ballot by mail or by using a designated deposit site. In-person voting is dominant.

Edward Snowden responded on Wednesday to a ruling by the US Court of Appeals that the US National Security Agency's mass surveillance programme, including the bulk collection of citizens' phone records, was illegal.

"To the extent the public statements of government officials created a contrary impression, that impression is inconsistent with the contents of the classified record," says the ruling.

Employees' payroll taxes

Companies can stop withholding employees' payroll taxes starting September 1, although workers will have to pay the taxes by the end of April 2021. The new guidance, released together with the IRS, applies only to those whose bi-weekly paychecks are less than \$4,000, the equivalent of \$104,000 a year.

The guidance comes after President Donald Trump's August 8 [executive action](#) giving workers a tax holiday. It left open the possibility of forgiving the deferred tax later on.

But only Congress has the power to waive taxes, so all the president can do is postpone when they are due.

Although Trump's action was signed weeks earlier, the guidance was delayed as the White House looked into whether it was possible to waive workers' taxes entirely rather than deferring them to next year. The answer from the Internal Revenue Service was no, employees are still on the hook for paying their taxes next year.
